Dedication

DEDICATION

For this, the first P. H. S. Annual since  
the recent world conflict began, we wish  
to dedicate our annual to all those of our  
school who were in the service of our  
country during World War II. May we as  
students help to preserve this peace for  
which they so nobly fought and died to  
give us. To those who served we dedicate  
the Black Diamond of 1946.

DEDICATION

IN MEMORIAM

We dedicate the Sport Section of the Black Diamond  
of 1946 to Clifford Edwards, who was a member of the  
football squad of Pikeville High School until the  
time of his death on September 22, 1945.

As we look back on the 1945 football season we see an average year. The Panthers started out very well winning their first three games. Then they went into a slump, losing three straight games. The Panthers played four conference games and being defeated by only one team, finished second in the conference ratings. Beating Fleming installed some fire in the boys and they ended the season victoriously by defeating Prestonsburg.

Mr. Robbine and Mr. Pineon coached the team until the arrival of Mr. Jones early in October. They acted as assistants for the rest of the season.

### CLASS PROPHECY

With the discovery of uranium, a time machine has been perfected by that great scientist, Dr. I. M. Nutte, and needing two guinea pigs for his experiment he consented to let us go on a trip to the future world 30 years hence.

Upon arriving in Pikeville we see that it has swelled up and down the river and every vacant lot has been snatched and built on. We see the school houses are still intact and since the walls of the gym have fallen, they're using the floor and we now have an outdoor court.

A familiar figure is seen lortering around the yards emptying ashes and it turns out to be Garfield Blackburn, the boy we picked "most likely to succeed" in 1946.

The authors approach Gar' and start to query him for information as to their old classmates. Garfield willingly complies with the following data:

Tom Black has turned up as the fastest driver the town has seen. He has never married but succeeds in breaking all speed records.

At last Bill Tom Ashley has reached his goal. He married into money, yep, that's right, Pauline finally got hooked. But he sunk it all in Ronald Clark's pop-corn enterprises, that's right it's Ronald Clark, "The Pop-Corn King".

Billy Elliott has been in Sing-Sing for 5 years after inciting a mass riot in a Republican convention.

Wade McCown is in his 10th term as Governor of Kentucky, but Burlin Coleman from upper John's Creek is going to give him a stiff race in the next election.

"Poss" Ramsey and Eugene Hagans have opened their new club on Layo Trail, with "Dan (disckie) Willis' Jiving Hep Gate" and Ralph Leon Goff, their featured vocalist.

Kermit Justice has acquired a large group of chain stores of women's apparel with unmentionables as their chief product.

The Panthers team looks mighty strong with Paul Blair, head coach and Jimmy Hefner press agent and assistant coach.

Dudley Maynard has been made president of the Coca-Cola bottling corp. and G. C. Leslie has at last become truck driver.

Robert Worden has been made principal of P. H. S. after he tore up the presses of the Courier-Journal at Louisville. He has just hired Andrew Ray Honaker as "Chief" Furnace Lan.

Jess Mullins has established a factory on lower John's Creek manufacturing tight-fitting basketball garments.

Roy Coleman has been appointed to take over Mr. Caudill's position at P. H. S.

Bill Walters has just established his fifth pool emporium and employed Bill Compton as his chief rack boy.

Bobby Joe Newsome is still struggling along in Newsome's Grocery.

Paul Saad is now peddling pictures on the street corner and they're just 3 for 10¢.

And then we find our friend Virginia Adkins with top billing in the Ballet Kuse at Carnegie Hall in New York.

While standing before Gruamans Chinese Theatre you will find the footprints of our old classmate Betty Belcher.(The prints are from her standing there so long to get to touch Van Johnson's son sleeve) P. S. She did...

Seems like California got quite a few of our claes. We find that Hell Joyce Bevine Hatcher is a Navy wife in San Diego and has thus far increased the Naval Reserve by at least three.

It is nice to see that one forty-sixer remained in Pikeville. Mary Doris Bliliter is planning to be married shortly after reaching the heights as a secretary.

It seems a friend of Garfield's was sent to the hospital and upon visiting him Garfield found Dorothy Boggs as head floor nurse. Ordnins to you, pal.

Loretta Brewer seems to be the proprietor of the new W. & K. located at the mouth of Island Creek. She has a good business.

After finishing high school, Daryl Lee Burnett got a job as an airline hostess on the Greenfly-Poedump lines. Her headquarters are at Greenfly. Happy landings, kid.

Our informer tells us that Wanda Lee Burke turned the tables on our ideas of her by becoming a nite club singer in one of the clubs in Miami, Florida.

Pauline Bowles has played a fine trick on us, here shs is married and in addition to this is quite the star of the List this season. (She is doing the lead in Petty Schuler's great opera, "Pikevillian Nights".)

Hope Call certainly has gone places. She has a penthouse facing Central Park in New York. Her life's work is singing and Garfield tells us she is with Harry James Junior's orchestra.

Boys o' boy! Plina Cantrell has really hit the top. Imagine her being one of Power's leading models....

Glendene Casebolt is still in the "big City" too and getting along fine as secretary to the president at the new Pikeville Air-lines.

Rubestine Clark has at last settled down in Paris, France as a fashion designer. We are told that she can really "parlezvous" them out of their money. Good work, Ruby.

Garfield tells us that Peggy Cheeks is teaching physical education at dear ol' P. U. Poedump University.

Emogene Clifton is a well-known scientist and is now planning a way to split the split atoms. More power to her!!!

Emagles Coleman we have nearly lost sight of but the last we heard, she was still happily married and the mother of two lovely brates.

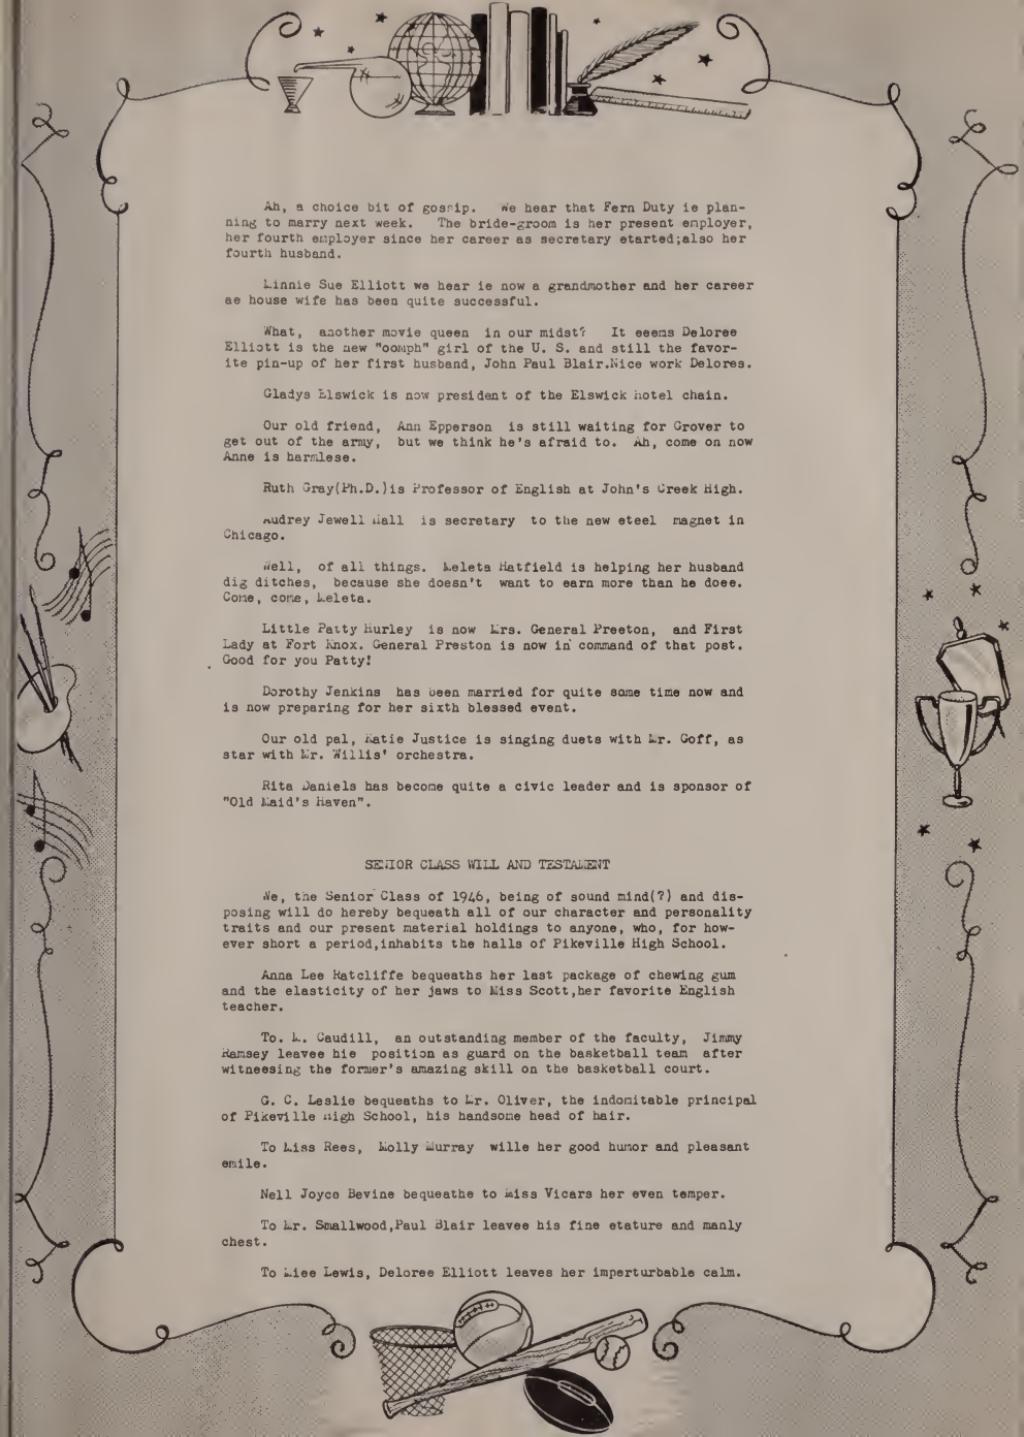

One of our classmates, Betty Lou Cox, has just gone to Hollywood to take the place of Martha Mae in the movies. She'll make a big noise in the "Movie Kingdom".

Well, well, poor Mary Anne Crum is still trying to get out of the first year of college. Excelsior!! Mary Anne.

Ruby Davis is in the limelight, and we do mean light. She works in a fluorescent light factory (the department that makes green light). May your future be bright, Ruby.

Ah, a choice bit of gossip. We hear that Fern Duty is planning to marry next week. The bride-groom is her present employer, her fourth employer since her career as secretary started; also her fourth husband.

Linnie Sue Elliott we hear is now a grandmother and her career as house wife has been quite successful.

What, another movie queen in our midst? It seems Delores Elliott is the new "oomph" girl of the U. S. and still the favorite pin-up of her first husband, John Paul Blair. Nice work Delores.

Gladys Elswick is now president of the Elswick hotel chain.

Our old friend, Ann Epperson is still waiting for Grover to get out of the army, but we think he's afraid to. Ah, come on now Anne is harmless.

Ruth Gray(Ph.D.) is Professor of English at John's Creek High.

Audrey Jewell Hall is secretary to the new steel magnet in Chicago.

Well, of all things. Leleta Hatfield is helping her husband dig ditches, because she doesn't want to earn more than he does. Come, come, Leleta.

Little Patty Hurley is now Mrs. General Preston, and First Lady at Fort Knox. General Preston is now in command of that post. Good for you Patty!

Dorothy Jenkins has been married for quite some time now and is now preparing for her sixth blessed event.

Our old pal, Katie Justice is singing duets with Mr. Goff, as star with Mr. Willis' orchestra.

Rita Daniels has become quite a civic leader and is sponsor of "Old Maid's Haven".

#### SENIOR CLASS WILL AND TESTAMENT

We, the Senior Class of 1946, being of sound mind(?) and disposing will do hereby bequeath all of our character and personality traits and our present material holdings to anyone, who, for however short a period, inhabits the halls of Pikeville High School.

Anna Lee Ratcliffe bequeaths her last package of chewing gum and the elasticity of her jaws to Miss Scott, her favorite English teacher.

To L. Caudill, an outstanding member of the faculty, Jimmy Ramsey leaves his position as guard on the basketball team after witnessing the former's amazing skill on the basketball court.

G. C. Leslie bequeaths to Mr. Oliver, the indomitable principal of Pikeville High School, his handsome head of hair.

To Miss Rees, Molly Murray wills her good humor and pleasant smile.

Nell Joyce Bevine bequeathes to Miss Vicars her even temper.

To Mr. Smallwood, Paul Blair leaves his fine stature and manly chest.

To Miss Lewis, Delores Elliott leaves her imperturbable calm.

To the Freshman, we bequeath our knowledge and understanding  
of the exits and pitfalls of their high school career.

To the Sophomores, we leave the express hope of success in  
their next two years.

To the Junior Class, we leave our sympathy and heartiest con-  
gratulations upon reaching the zenith of their high-school career.

Dudley Laynard bequeaths his ways with and associations of the  
fairer sex, to Don Batten.

Ralph Goff leaves his daring and ability on the playing field  
to Tommy Elswick.

Billy Compton leaves his ardent pursuit of knowledge to Johnny  
Green Charles.

To Jeannine Hoskine, Fern Duty wills her diminutive stature.

Betty Dana Lay has decided Katherine Edwarda should have her  
knowledge of the male sex, and therefore wills it to her.

Gladys Elswick leaves her loud mouth to Frances Elkins.

Jesse Mullins leaves his jumping ability on the basketball court  
to Billy McKinney.

To Garrett Deskins, Bill Elliott leaves his experiment with  
butyric acid, and Garrett is just the man to do the research.

Patty Riley leaves her ability as a grade "A" student to Janis  
Grote, who is "A" grade herself.

Patty Hurley leaves her faithfulness in love to Anna Mae  
Childere.

Donna Sue Ratliff leaves her Hubba-dubba singing voice to Lois  
Anderson.

Bill Walters leaves Delores Bevins to no one, as he is quite  
capable of taking care of her himself.

Ronald Clark wills his magnificent chin whiskers to Leo Canada.

Dan Willis wills his manliness, maturity, and good looks to  
Billy Donaldson, who doesn't need any.

Lelsta Jean Hatfield leaves her efficiency and eloquent standing  
to Jean Eagle.

Betty Jane Ratliff leaves the telephone at Wright Hall to Jimmy  
Hobbs, who uses it enough to own it.

Katie Juettie leaves her singing voice to Linda Lou Osborne.

Rubeestine Clark leaves her lightning French translations to  
Marchette Raney.

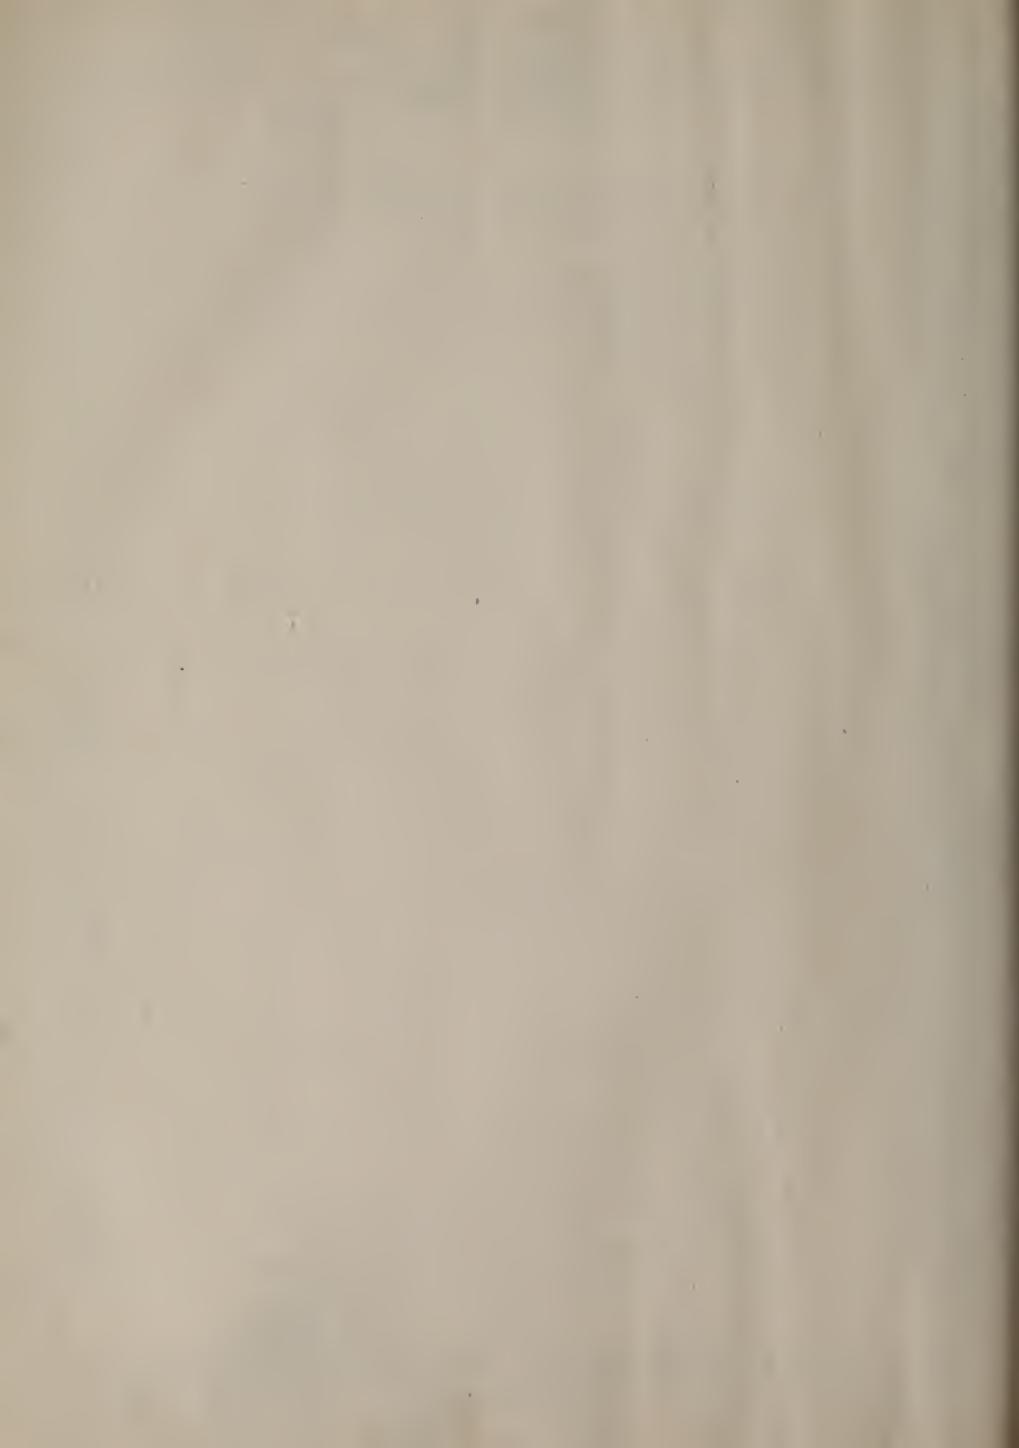

Mary Lou Meadors leaves her many abilities to anyone who needs  
them.

Ray Honaker wills his basketball trunks to Buddy Johneon.

To Clara Lee Sanders, Ann Epperson bequeaths her amazing geom-  
etry talents.

Bill Tom Ashley and Robert Worden leave their wizardry at chem-  
istry to Robert Hardman and Harry McCreary.

Tom Black and Jimmy Venters due to their amazing work in foreign languages, leave their immense store of knowledge to James Worden and Charles Frank Sowards.

Roy Coleman leaves his stature and physique to Thelma McLanahan.

Kermit Justice is quite well satisfied with Rubestine and needs nothing.

#### FURTHER PROPHECY

Lois Faye Justice is a great English authority and has thus far written two text books on English grammar. Good girl Lois!

Virginia Kelly is now quite happily married and is the proud mama of fifteen children.

What, another model? It seems so because Nancy Layne is modeling for "hair-grower" ads.

Betty Dana Lay is director of speech to stuttering morons in West Virginia's Institute for the Lethally Deranged.

Helen Lynch really gave us a turn when we found out she was a business executive in the Umpire Building in downtown Pikeville.

What's this? Mary Lou Meadors, Dorothy Nichols, and Ruth Mae Nichols are running the "Gay 40's" night club in Prestonsburg.

Well, well, Mary (Molly) Murray has fulfilled our expectations by becoming the head something-or-other at Kentucky's State Insane Asylum. We hope it isn't permanent, chum.

Billie Joyce Newsome is married and settled down. She lives in a beautiful white cottage with green shutters.

Another young executive from our class, Betty Jean Frater is now president of Pikeville Clothing Lills. Good work!

Sue Proudfit and Anna Lee Ratcliffe have an easy job doing "stunt-flying" for M. G. L. May you reach the "heights" girls!

It seems that after being voted the "girl most likely to succeed" by her college chums, Becky Ramsey didn't.

"Well, well, at long last Betty Jane Ratliff has become Mrs. Francisco and is quite happy about it.

What, not another one! Donna Sue Ratliff is married again. So far she has been widowed twice and a "grass-widow" five times. Nice work if you can get it.

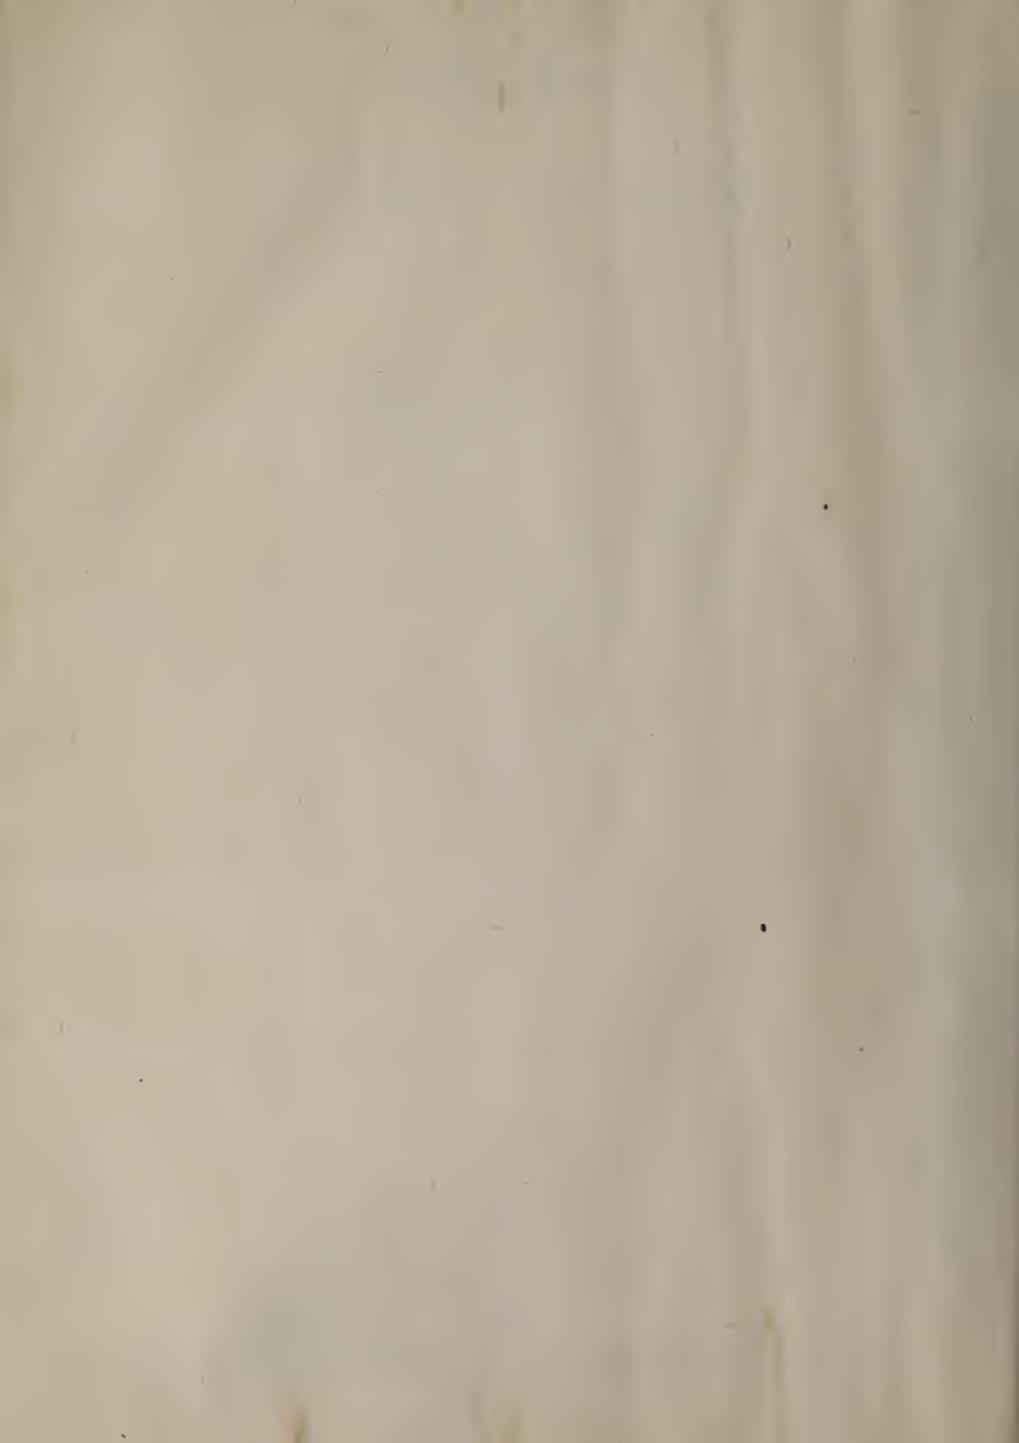

Patty Riley is now head surgeon at Pikeville General Hospital. The gal has her B. S., M. S., M. D., Ph. D., T. B., and D. D. T. Best of everything, pal.

Donna Sue Robinson is a famous interior decorator with her offices in Boston, Mass.

Mary Nell Rogers, due to her loud mouth, is now a famous lecturer. We wish you fair wind, Mary.

Joan Steele, Ethel Thacker, Colleen Whisman, and Geneva Scalp have done very well by starting a new group of the famous "Pebblettes".

And so Gar' has finished his interesting narrative and as he resumes his daily drudgery we step back into the time machine to come back to 1946 with our knowledge of the future.

Three of a kind.

The gang is all here.

CAUGHT!!!

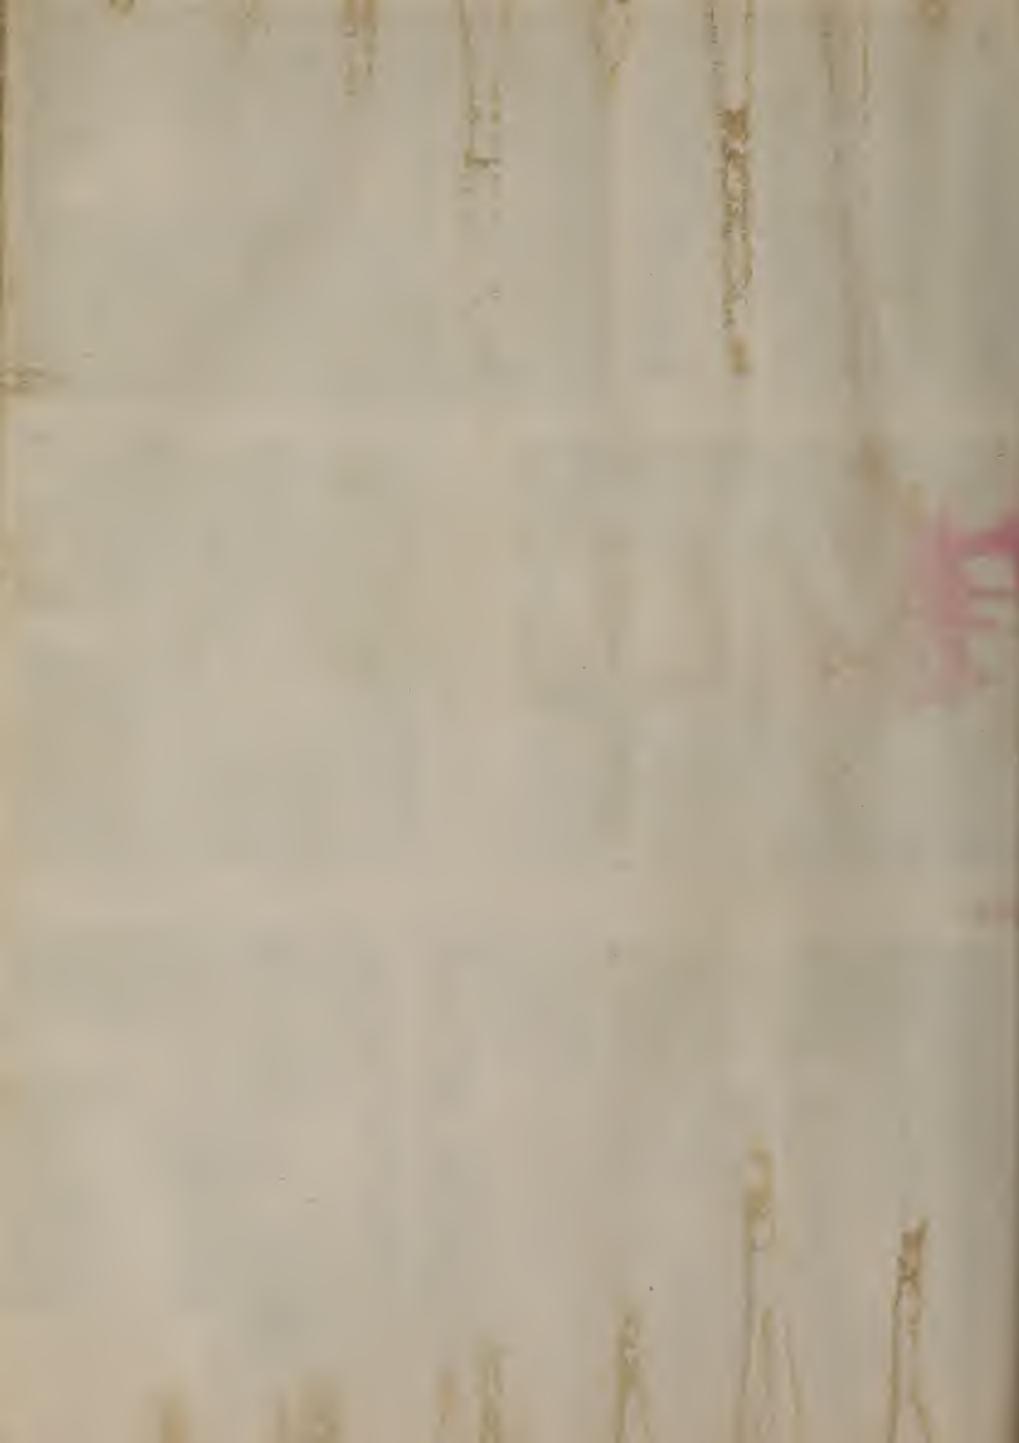

Moonlight and music.

Beauties and the Beasts.

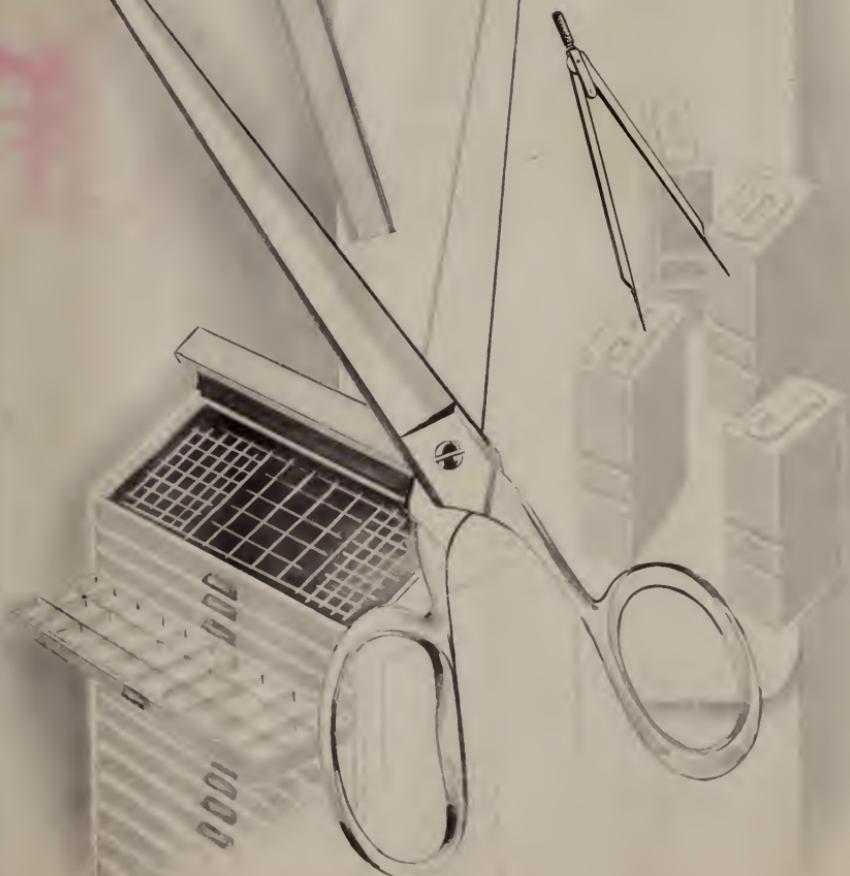

Manpower shortage???
